COVID-19 Update from Bryant's Heating & Cooling, Inc.

As our country deals with the current COVID-19 outbreak, we would like to inform our customers that we are continuing to remain open and service the needs of our customers as safely as possible. There are several precautions we are currently taking to help stop the spread of the virus such as:

- Limiting contact with customers and fellow employees
- Wearing masks when in contact with customers
- Wearing gloves whenever possible
- Sanitizing our hands and tablets after each call
- Offering Indoor Air Quality Solutions that help to combat viruses

At Bryant's we know that home service problems will continue to occur even during virus outbreaks, and we want to let our customers know that we are committed to serving them to the best of our ability while maintaining the lowest health risk possible.

Thank you for allowing us to serve you and please feel free to call us with any questions or concerns at 256-845-1742.

Best Regards,

Paul Bryant, GM
